

Jolyon Keith Bloomfield

jkb84@cornell.edu

April 2013

Publications

- 2013 | Jolyon K. Bloomfield. “A Simplified Approach to General Scalar-Tensor Theories”. *arXiv preprint*, 1304.6712, 2013
- 2012 | Jolyon K. Bloomfield, Éanna É. Flanagan, Minjoon Park, and Scott Watson. “Dark Energy or Modified Gravity? An Effective Field Theory Approach”. *arXiv preprint (submitted to JCAP)*, 1211.7054, 2012
- 2012 | Jolyon K. Bloomfield and Éanna É. Flanagan. “A Class of Effective Field Theory Models of Cosmic Acceleration”. *Journal of Cosmology and Astroparticle Physics*, 1210:039, 2012
- 2011 | Jolyon K. Bloomfield and Éanna É. Flanagan. “Gravitational Interactions in a General Multibrane Model”. *Physical Review D*, 84:104016, 2011
- 2010 | Jolyon K. Bloomfield and Éanna É. Flanagan. “A four-dimensional description of five-dimensional N-brane models”. *Physical Review D*, 82:124013, 2010
- 2006 | Jolyon K. Bloomfield, Erin Davies, Phillip Gatt, and Simon Petrie. “Extending, and repositioning, a thermochemical ladder: High-level quantum chemical calculations on the sodium cation affinity scale”. *The Journal of Physical Chemistry A*, 110(3):1134, 2006
